## CANCER SUPPORT COMMUNITY GREATER LEHIGH VALLEY IMPACT REPORT 2023-24

### OUR MISSION

The Cancer Support Community of the Greater Lehigh Valley aims to ensure that all people impacted by cancer are empowered by knowledge, strengthened by action and sustained by community.

The Cancer Support Community's programs help people affected by cancer – survivors, caregivers, friends and family – regain control of their lives, reduce stress and isolation, and restore a sense of hope for a better quality of life regardless of the stage of the disease or the type of cancer.

Today, hundreds of people with cancer and their loved ones unite through our programs. People can come at the point of diagnosis, during or at the end of treatment, at recurrence, or several years out of treatment.

### COMMUNITY IS STRONGER THAN CANCER

The patient experience is at the heart of everything we do. By giving voice to our members' needs, we provide the Support, Education, and Hope they deserve...so that no one faces cancer alone.

"I was at my lowest and getting that phone call has changed my life. I find the in-person yoga sessions more uplifting or gratifying because I am not alone. I live by myself and went through the beginning of my journey during the pandemic. Being around other survivors, in person, has helped me. THANK YOU!"
